

POWTEX TOKYO 2018

The 22nd International Powder Technology Exhibition Tokyo

Greetings from the Organizer

The "International Powder Technology Exhibition Tokyo (POWTEX TOKYO 2018)" will be held by The Association of Powder Process Industry and Engineering, JAPAN at the Tokyo Big Sight for 3 days from Nov. 28th (Wed.) through 30th (Fri.), 2018.

Our association is a General Incorporated Association with a goal of developing the powder process-related industry through the development and spread of industrial powder technologies, and contributing to the sound development of our country's economy and improvement of the lives of its citizens. To achieve this objective, our member companies, including those that manufacture and sell powder equipment, those that handle material, chemical, food, pharmaceutical, or mining powder, and construction/engineering companies using the powder technology, carry out various business activities in cooperation with experts from academia and government. Out of all of these activities, the Powder Technology Exhibition is the largest event for those in fields related to powder processing equipment and technology, and this exhibition will provide information on "powders and particles." Since POWTEX TOKYO 2016 had 14% more visitors than POWTEX TOKYO 2014, we realize that the powder industry is attracting more and more attentions.

We hope many firms and organizations can take this opportunity to experience our exhibit.

Yuki Yoshi Yamada, President of The Association of Powder Process Industry and Engineering, (APPIE), JAPAN

Request for Exhibition

The "POWTEX TOKYO" is a biennial exhibition that is a highly effective place for exhibition, with visitors count of 16,789 and 317 exhibitors (in 2016), where many business transactions occur as a result of our exhibition. The "POWTEX TOKYO" offers various events, such as special lectures by prominent speakers, up-to-date information forums, various seminars like introductory powder technology seminars, and product technology briefings by exhibitors. This exhibition is enjoying high reputation as a place offering new business opportunities. This time, in response to the request from the exhibitors and visitors, the exhibition will start 30 minutes earlier at 9:30 a.m., and close at 5 p.m. Also, we will renew the comprehensive list of powder technologies as a guidebook for visitors, which is free of charge at the exhibition.

We hope that you will use this exhibition to present new products and technologies, maintain close relationships with customers, obtain new markets and customers, communicate with industry, government, and academia, and exchange information with supporters and collaborators. We also would like you to consider joining "POWTEX TOKYO 2018" and posting your information on the comprehensive list.

Hiroshi Murata, Chairman of Committee of POWTEX TOKYO

Show Profile

Exhibition Title	: POWTEX TOKYO 2018 The 22nd International Powder Technology Exhibition Tokyo
Organizer	: The Association of Powder Process Industry and Engineering, JAPAN (APPIE)
Theme	: Contained in each particle... bringing your dream into reality -with Powder Technology-
Exhibition Period	: November 28 (Wed.) - 30 (Fri.), 2018 9:30-17:00
Venue	: Tokyo Big Sight, East Hall 1-2-3
Admission Fee	: 1,000 Yen (Free of charge for attendees with invitation tickets, pre-registrants from Web site, and students)
Held simultaneously	: The Society of Powder Technology, JAPAN Autumn Research Workshop

Exhibit features critical powder manufacturing equipment and measurement equipment companies

The scale of this year's exhibit (forecast)

Companies	320 firms & orgs
Number of Booths	1,040 booths
Number of Registered Visitors	17,000

Technologies & Products for Exhibiting

Manufacturing & Processing Equipment Zone

Pulverizers, Screening equipment, Classifiers, Filters, Mixers, Kneaders, Granulators, Coaters, Driers, Feeders, Conveying equipment, Dispersion equipment, Dust collectors, Molding equipment, Surface treatment equipment, Packaging equipment, Firing equipment etc.

Instrumentation, Measuring & Laboratory Equipment Zone

Measuring equipment, Instrumentation equipment, Laboratory equipment, Control systems, FA equipment etc.

Materials, Engineering & Information Zone

New materials, Filter materials, Screens, Functional powders, Engineering, Processing services on commission, Publications, Computer systems, Auxiliary agents etc.

[Special Zone]

Advanced Material Zone

Nano materials, Battery materials, Pharmaceutical materials, Food materials, Composite materials, Material manufacturing methods

Powder Simulation Zone

Software, Obtaining physical properties for simulation, Equipment for verification tests

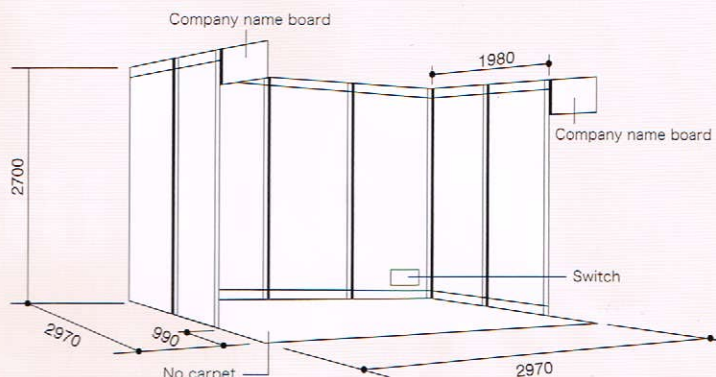

Applicable Business Industry

- Chemicals, Rubber, Plastics, Paper, Pulp ● Pharmaceuticals, Health Food, Cosmetics ● Foodstuff, Feedstuff
- Inorganic materials, Ceramics ● Steel, Metals, Mining, Cement ● Electric, Batteries, Electronics ● Machinery
- Engineering, Construction ● Environment protection, Energy, Raw Materials, Recycling ● Finance, Insurance, Trading
- Governmental, Academic & Research institutions

Booth Type and Participation Fee

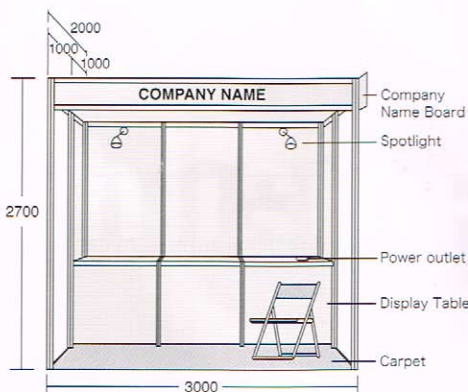

Booth Type	Booth Size	Unit Price
General Booth	3.0mW × 3.0mD × 2.7mH*	JPY 378,000
Trial Booth (Including basic decoration)	3.0mW × 2.0mD × 2.7mH	JPY 334,800
[Special Zone] Advanced Material Zone (Including basic decoration)	2.0mW × 2.0mD × 2.7mH	JPY 216,000
Powder Simulation Zone (Including basic decoration)	2.0mW × 2.0mD × 2.7mH	JPY 216,000

*Max.5m height is allowed for Island booth consisting of 10 booths.

Corner booth (Only General Booth)

If a corner booth (with 2 sides open) is required for a space of 3 booths or less, an additional JPY 64,800 will be charged. (For 4 or more booths, at least one corner booth is allocated.)

Trial Booth

[Booth Size] 3.0mW × 2.0mD × 2.7mH

[Fee per one booth] JPY 334,800 (8% consumption tax is included)

[Fee includes following items]

Basic facility

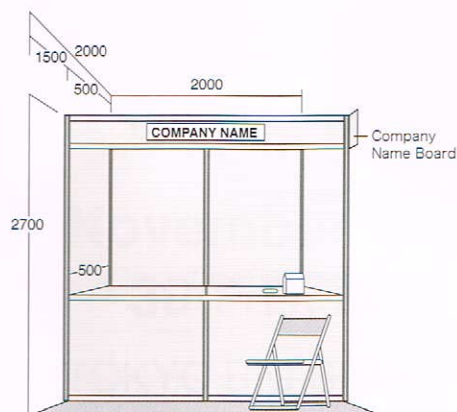

Back and side walls (Octanorm system), Carpet (blue), Company name board, Two arm spotlights, Power outlet 100V×1, Power wiring×1kW, Electricity cost×1kW, Display table (3.0mW×1.0mD×0.9mH), Folding chair×1

※Even if you do not use any of the above facilities, the fee as mentioned the above will be charged in full.

[The exhibitors selecting to take this Trial Booth are requested to meet the following conditions]

1. The exhibitor is limited only to the people who is participating POWTEX TOKYO for the first time.
2. Number of the booth block is limited to two blocks maximum.

Total 20 Trial booths are available!!

[Special Zone]

Advanced Material Zone / Powder Simulation Zone

[Booth Size] 2.0mW × 2.0mD × 2.7mH

[Fee per one booth] JPY 216,000 (8% consumption tax is included)

[Fee includes following items]

Basic facility

Back and side walls (Octanorm system), Carpet, Company name board, arm- spotlights×2, Power outlet 100V×1, Power wiring×1kW, Electricity cost×1kW, Display table (2mW×0.5mD×1mH), Folding chair×1

※Even if you do not use any of the above facilities, the fee as mentioned the above will be charged in full.

[Privilege]

Those parties / companies who are participating this zone will be granted a privilege to deliver a 15 minutes presentation on their products and technologies at the Presentation Corner. (The First 8 companies can have this presentation)

Features Visitor Support Service and Comprehensive Information Counters

This year's exhibit will feature a comprehensive information counter at the entrance, which will act as a supporting concierge for overseas visitors, as well as aid in exhibit and product search on the computer, which will make it more convenient for the visitors.
